

Revival Christian Fellowship Ministry Service Program

Revival Christian Fellowship is offering a Ministry Service Program for High School through College age students. The church would provide the opportunity to receive training from our Children's Ministry Staff on how Children's Ministry operates, as well as procedures when working with children. They will learn how curriculum is used and integrated at the various age levels. This will provide them with skills and training useful to work with children from other ministries or churches, as well as on the mission field. There is also a benefit to learning practical work ethics, such as the importance of arriving on time and learning to work well with others in a service environment.

The Women's Ministry of Revival Christian Fellowship holds a weekly bible study on Thursday morning (9:30-11:30am), as well as a monthly MOPS (Mother's of Preschoolers) meeting the first Tuesday morning of each month from September to May. Children's ministry for these functions is provided to enable women with children to attend and to know their children are in a safe environment while being exposed to God's word. Many women would not be able to attend Bible study or MOPS if children's ministry was not available.

Our goal is to have consistency in volunteers serving in children's ministry each week so children don't have to adjust to "new faces", and they'd feel more secure when being left by their mothers. The idea was suggested to see if students needing to fulfill Community Service graduation requirements would be willing to consistently serve in Children's Ministry during bible study and/or MOPS meeting times. Students would not only earn the community service hours needed, but they'd be a blessing to the children, mothers and to the Revival Women's Ministry.

We have a 7 week program, once per week on Thursday morning or a once per month program from September to May. Each of these service times is approximately 3 hours long.
